# Folding Bikes

Folding bikes are the Swiss army knife of the cycling world, enabling you to zip to the train station, nip to a nearby meeting, bundle your bike into the car for a weekend away, or simply pound the pedals and commute to work. Add an electric motor and you've got it all in one small but perfectly formed package.

All folding bikes can be folded down in less than a minute, transforming them from capable commuters into an easy-to-carry package.

Now, let's take a look at some of the folding bikes you can purchase through the Halfords Cycle2Work scheme and the accessories we recommend with each bike
